Be It Ordained by the People of the City and County of San Francisco:

[Temporary Rent Reductions Due to Earthquake Damage]

PROVIDING THAT RESTORING RENT LEVELS AFTER TEMPORARY RENT REDUCTIONS FOR TENANTS DUE TO DAMAGE AS A RESULT OF THE EARTHQUAKE OF OCTOBER 17, 1989 DOES NOT CONSTITUTE A RENT INCREASE FOR PURPOSES OF THE RESIDENTIAL RENT STABILIZATION AND ARBITRATION ORDINANCE.

Note: All sections are entirely new.

Be it ordained by the People of the City and County of San Francisco:

Section 1. FINDINGS. The earthquake that occurred on October 17, 1989 and its aftershocks damaged or destroyed many housing units in San Francisco. Many residential buildings are safe for occupancy but have sustained physical damage which reduces their livability. Many landlords would like to voluntarily reduce their tenants' rent but are concerned that raising rents back to October 17, 1989 levels will constitute a rent increase which may be deemed unlawful under the Residential Rent Stabilization and Arbitration Ordinance. It is therefore necessary to make an exception for rent increases which restore pre-earthquake rent levels in order to encourage landlords to make temporary rent adjustments to alleviate tenant hardship and inconvenience occasioned by the earthquake.

Section 2. TEMPORARY RENT REDUCTIONS DUE TO EARTHQUAKE DAMAGE. Notwithstanding anything to the contrary in Chapter 37 of the San Francisco Administrative Code, any landlord who reduces a tenant's rent after October 17, 1989 due to any earthquake damage and subsequently reinstates the rent charged on October 17, 1989 shall not be deemed to have imposed a rent increase for purposes of the Residential Rent Stabilization and Arbitration Ordinance.

Section 3. RENT REDUCTION AGREEMENTS IN WRITING. All temporary rent reductions as provided in Section 2 above shall be in writing and signed by the landlord and the tenant. Every agreement shall describe with specificity the damage which is covered by the agreement and its location, whether within a tenant's unit or in the common areas of the building.

[Retirement Benefits]

AMENDING SECTION 16.61-1 OF THE SAN FRANCISCO ADMINISTRATIVE CODE, RELATING TO "PICK-UP" OF EMPLOYEE CONTRIBUTIONS TO THE CITY AND COUNTY RETIREMENT SYSTEM, BY AMENDING SUBSECTION E TO REQUIRE THE CITY TO MEET AND CONFER WHERE LEGALLY APPROPRIATE PRIOR TO THE INCREASE, REDUCTION, OR ELIMINATION OF THE EMPLOYEE CONTRIBUTIONS "PICK-UP", AND BY ADDING THERETO SUBSECTION F, WHICH WILL IMPLEMENT EMPLOYER "PICK-UP" OF EMPLOYEE CONTRIBUTIONS TO THE CITY AND COUNTY RETIREMENT SYSTEM, AS PERMITTED BY INTERNAL REVENUE CODE SECTION 414(h)(2) AND AS AUTHORIZED BY CHARTER SECTION 8.500, AS AMENDED IN NOVEMBER, 1988.

NOTE: Additions and substitutions are <u>underlined</u>; there are no deletions.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Section 16.61-1 of the San Francisco Administrative Code is amended by amending subsection E and adding subsection F thereto to read as follows:

SEC. 16.61-1. <u>IMPLEMENTATION OF INTERNAL REVENUE CODE SECTION 414(h)(2)</u>

A. The purpose of this section is to implement the provisions contained in Section 414(h)(2) of the Internal Revenue Code of the United States concerning the tax treatment of employee contributions paid by the City and County on behalf of affected employees and to adopt the limitations set forth in Sections 401(a) and 415 of the Internal Revenue Code.

Pursuant to Section 414(h)(2) contributions to a pension plan, although designated under the plan as employee contributions, when paid by the employer in lieu of contributions by the employee, under circumstances in which the employee does not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer, may be excluded from the gross income of the employee until these amounts are distributed or made available to the employee.

B. Notwithstanding any other provisions to the contrary, the City and County may pick up, for the sole and limited purpose of deferring taxes as authorized by Section 414(h)(2) of the Internal Revenue Code [26 U.S.C.A. 414(h)(2)] and Section 17501 of the California Revenue and Taxation Code, all or a portion of the contributions required to be paid by a member of the Retirement System. Nothing herein shall be construed to mean that any contributions so picked up by the City are to be treated as City contributions for any purpose other than the sole and limited purpose specified herein. No pick up shall be made pursuant to this section except upon a determination by the Controller as required by subsection E, below.

The provisions of this Section shall be administered on a bargaining unit basis and shall be subject to any applicable meet and confer laws.

Any appropriate representation unit recognized by the City and County, by and through the employee organization certified to represent it, may opt out of the provisions of this section by meeting and conferring with the City and County's Employee Relations Division for a memorandum of

understanding to so provide. In the event such agreement is reached, contributions of the employees involved shall be treated for all purposes in the same manner and to the same extent as members' contributions made prior to the operative date of this Section.

A memorandum of understanding arrived at under this subsection shall continue in effect from year to year, subject to termination by notice by the employee organization which had negotiated the memorandum of understanding, served not less than 90 days prior to the proposed date of termination.

C. No member shall have the option of choosing to receive directly the contributions picked up by the City and County instead of having such amounts paid to the Retirement System.

D. The contributions picked up by the City and County shall be treated for all purposes, other than taxation, in the same manner and to the same extent as members' contributions made prior to the operative date of this section.

E. This section shall be operative only so long as the City and County's pick-up of employee contributions continues to be excludable from the gross income of members under the provisions of Internal Revenue Code Section 414(h)(2).

The City and County shall retain the authority periodically to increase, reduce or eliminate, subject to meet and

confer where legally appropriate, the pick up by the City and County of all or a portion of the contributions required to be paid by a member of the Retirement System, as authorized by Section 414(h)(2), Internal Revenue Code.

F. The employer pick-up shall work as follows:

1. General Rule: Full Pick-Up. All employee contributions required under the Retirement System for amounts earned on and after an effective date to be specified by the Controller ("the Effective Date") shall be paid by the respective member's employer in lieu of contributions by the member. The member shall have no right to alter the amount of such contribution, nor shall the member have the right to receive directly the contributed amounts instead of having the employer pay them to the Retirement System.

2. Exception: Reduced Pick-Up.

a. Employer Contribution. A member may elect as specified below to have his or her employer contribute in lieu of the employee's contribution, the amount of the reduced rate of contributions specified in Charter Section 8.514(a), effective for amounts earned on and after the Effective Date. The member shall have no right to alter the amount of such employer contribution on his or her behalf, nor shall the member have the right to receive directly the contributed amounts instead of having the employer pay them to the Retirement System.

/ / /

/ / /

b. Right of Further Employee Contribution. The member shall continue to have the right to make further contributions as specified in Charter Section 8.514(a) so that the total contributed on his or her behalf by (i) the member's employer and (ii) the member equals the total employee contribution otherwise required under the Retirement System.

c. Timely Election of Reduced Pick-Up. In order to qualify for the reduced pick-up, the member must complete the Retirement System's form electing the reduced pick-up and then timely file such form with the Retirement System.

(i) The Controller shall specify an election period which shall begin on an Election Date and end on a Cutoff Date. The Cutoff Date shall be prior to the Effective Date. For members who are earning compensation subject to Retirement System contributions on the Election Date, the election form must be filed with the Retirement System no later than the Cutoff Date. The election shall become effective for earnings on and after the Effective Date.

(ii) For members who are not earning compensation subject to Retirement System contributions on the Election Date, but who do so at some time after that date, the election form must be filed with the Retirement System on the first day after the Election Date that the member earns such compensation. The election shall become effective for earnings on and after the later of (i) the Effective Date

/ / /

or (ii) the date that the employee files the election with the Retirement System.

3. Irrevocability.

a. Members Electing Full Pick-Up. All members who did not timely file the election specifying the reduced pick-up shall have the full contribution picked up and shall have no further opportunity to elect the reduced pick-up.

b. Members Electing Reduced Pick-Up. All members who timely filed the election specifying the reduced pick-up shall have only the reduced rate contribution picked up and shall have no further opportunity to elect the full pick-up.

4. Exception: Employees Covered by Certain Memoranda of Understanding.

a. Coverage Under a Memorandum of Understanding Specifying Pick-Up Treatment. If a duly-certified bargaining unit enters into a memorandum of understanding with the employer that specifies that employees covered by the memorandum of understanding who are members of the Retirement System will have (i) the full pick-up, or (ii) no pick-up, then all members so covered shall be treated as described in that memorandum of understanding for as long as they are covered by it.

b. Cessation of Coverage Under a Memorandum of Understanding Specifying Pick-Up Treatment. If a member ceases to be covered by a memorandum of understanding with the employer specifying how covered employees will be treated with respect to the pick-up, then:

(i) If the member had not previously had the opportunity to elect the reduced pick-up, the member shall be offered such election on the first day on which the member earns compensation subject to Retirement System contributions following cessation of coverage under the memorandum of understanding.

(ii) If the member previously had the opportunity to choose the reduced pick-up, then the member's pick-up shall again be treated as it was prior to coverage under the memorandum of understanding.

5. Employees Not Covered by Social Security.
The Controller may specify different Effective Dates for employees covered by Social Security and for employees not covered by Social Security. Those not covered by Social Security will not be offered the reduced pick-up election.

[BBI Crane Safety]

AMENDING PART II CHAPTER 1, SECTION 306 OF THE SAN FRANCISCO MUNICIPAL CODE (BUILDING CODE) RELATING TO SPECIAL INSPECTION BY ADDING NEW SECTION 306(a) 21A-D RELATING TO CRANE SAFETY.

THIS SECTION IS ENTIRELY NEW.

Be it ordained by the People of the City of San Francisco:

Section 1. FINDINGS. The Board of Supervisors hereby finds:

1. A tragic crane accident at 600 California Street killed five people and injured twenty-one others on November 28, 1989.

2. Though the cause of this tragic accident has not yet been, and may never be determined, it is estimated by construction industry experts that more than 90 percent of fatal crane accidents are due to operator error.

3. The City of San Francisco has a densely populated downtown area, with narrow streets exposing people to the potential danger stemming from high-rise building construction tower cranes.

4. It is acknowledged by construction experts that increasing the height of a tower crane, also known as "jumping" a crane, causes increased risk during the normal operation of a tower crane.

5. Building in the City of San Francisco costs more than building in most major metropolitan areas in the United States. These costs place enormous economic incentives on an owner which could potentially cause an owner to take risks to meet project deadlines or to complete work ahead of schedule.

/ / /

/ / /

/ / /

MUNICIPAL CODE (BUILDING CODE) IS HEREBY AMENDED BY ADDING SECTION 306(a) 21A-D, TO READ AS FOLLOWS:

306(a) 21 A. Scope. The requirements of this section shall apply to the operation of tower cranes on high-rise building structures in the City and County of San Francisco. For purposes of this section, a tower crane shall be defined as a crane in which a boom, swinging jib, or other structural member is mounted on a vertical mast tower.

B. Crane Site Safety Plan. No owner or other person shall operate, authorize or permit the operation of any tower crane without submitting a crane site safety plan which has been approved by the City and County of San Francisco's Bureau of Building Inspection. A crane site safety plan indicating the use and location of tower cranes on the construction site and in the adjoining streets as well as the designated loading and storage areas to be used during crane operations must be filed with the Bureau of Building Inspection prior to the erection of any tower crane.

C. Prohibited Hours of Certain Crane Operation. No person shall increase the height of a crane, also known in the construction trade as "jumping" a crane, and further, no person shall install a crane or dismantle a crane without a representative of the crane distributor being on site during all such procedures, furthermore, none of these procedures may occur during the weekday hours (excluding holidays) of 7:00 a.m. to 9:00 a.m. or between the hours of 4:00 p.m. and 6:00 p.m.

D. Flag Person Shall Direct Traffic. No person operating a crane shall lift a load nor shall any person cause a crane operator to lift a load over roadways or pedestrian

walkways during the hours of 7:00 a.m. through 9:00 a.m. and during the hours of 4:30 p.m. through 7:00 p.m. without a flag person directing the flow of pedestrian and automobile traffic away from the area where the load is being lifted.

Section 3. The Director of Public Works shall promulgate any rules and regulations necessary or appropriate to carry out the purposes and requirements of the ordinance.

Be it ordained by the People of the City and County of San Francisco:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 5th day of June, 1990, for the purpose of submitting to the electors of said city and county a proposition to incur bonded indebtedness of the City and County of San Francisco for the acquisition, construction or completion by the city and county of the hereinafter described municipal improvements in the amount and for the purposes stated:

PUBLIC SAFETY IMPROVEMENT BONDS, 1990, $332,400,000, to pay for the cost of public safety improvements to buildings owned by the City and County of San Francisco, including earthquake repairs and earthquake hazards reduction, asbestos abatement, providing access for the disabled, all related to public safety to buildings owned by the City and County of San Francisco, including related acquisition, construction and reconstruction necessary or convenient for the foregoing purpose; provided, however, that no more than $65,000,000 of said bonded indebtedness shall be incurred in any single fiscal year and provided, further, that the authorization in the amount of

$332,400,000 will be reduced by the amount of the actual post-audit receipt of FEMA or State of California grants for earthquake repairs and hazards reduction.

Section 2. The estimated cost of the municipal improvements described in Section 1 hereof were fixed by the Board of Supervisors by the following resolution and in the amount specified:

PUBLIC SAFETY IMPROVEMENT BONDS, 1990, Resolution No. 88-90, $332,400,000.

That said resolution was passed by two-thirds or more of the Board of Supervisors and approved by the Mayor, and in said resolution it was recited and found that the sums of money specified was too great to be paid out of the ordinary annual income and revenue of the city and county in addition to the other annual expenses thereof or other funds derived from taxes levied for those purposes and will require expenditures greater than the amount allowed therefor by the annual tax levy.

The method and manner of payment of the estimated cost of the municipal improvements described herein are by the issuance of bonds of the City and County of San Francisco in the principal amount not to exceed the principal amount specified.

Said estimate of cost as set forth in said resolution are hereby adopted and determined to be the estimated cost of said improvements.

Section 3. Authorizing and directing the Chief Administrative Officer and the Controller to monitor the issuance of the bonds and the actual post-audit receipt of FEMA or State of California grants for earthquake repairs and hazards reduction and to take any appropriate action so that the bonds issued will not duplicate FEMA or State of California grants for earthquake repairs and hazards reduction.

Section 4. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the results thereof ascertained, determined and declared as herein provided and in all particulars not herein recited said election shall be held according to the laws of the State of California and the Charter of the City and County of San Francisco providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The said special election hereby called shall be and hereby is consolidated with the General Election of the City and County of San Francisco to be held Tuesday, June 5, 1990, and the voting precincts, polling places and officers of election for said General Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for such special election hereby called, and as specifically set forth, in the official publication, by the Registrar of Voters of precincts, polling places and election officers for the said General Election.

The ballots to be used at said special election shall be the ballots to be used at said General Election and reference is hereby made to the notice of election setting forth the voting precincts, polling places and officers of election by the Registrar of Voters for the General Election to be published in the San Francisco Examiner on or no later than May 31, 1990.

Section 6. On the ballots to be used at such special election and on the punch card ballots used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following, to be separately stated, and appear upon the ballot as a separate proposition:

"PUBLIC SAFETY IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $332,400,000 for acquisition, construction or reconstruction of buildings owned by the City and County of San Francisco, including earthquake repairs and earthquake hazards reduction, asbestos abatement, providing access for the disabled; provided, however, that no more than $65,000,000 of said bonded indebtedness shall be incurred in any single fiscal year and provided, further, that the authorization in the amount of $332,400,000 will be reduced by the amount of the actual receipt of FEMA or State of California grants for earthquake repairs and hazards reduction."

Each voter to vote for said proposition hereby submitted and in favor of the issuance of the Bonds, shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of said proposition, and to vote against said proposition and against the issuance of the Bonds shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of said proposition. On absent voters ballots, the cross (X) may be marked with pen or pencil.

If and to the extent that punch card ballot cards are used at said special election, each voter to vote for any said proposition shall punch the ballot card in the hole after the word "YES" to the right of said proposition, and to vote against said proposition shall punch the ballot card in the hole after the word "NO" to the right of said proposition.

Section 7. If at such special election it shall appear that two-thirds of all the voters voting on the proposition voted in favor of and authorized the incurring of a bonded indebtedness for

the purposes set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the municipal improvements described herein. Such bonds shall be of the form and character known as "serials," and shall bear interest at a rate not to exceed 12 per centum per annum, payable semiannually, provided, that interest for the first year after the date of any of said bonds may be payable at or before the end of that year.

The votes cast for and against said respective proposition shall be counted separately and when two-thirds of the qualified electors, voting on such proposition, vote in favor thereof, such proposition shall be deemed adopted.

Section 8. For the purpose of paying the principal and interest on said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect annually each year until such bonds are paid, or until there is a sum in the Treasury of said city and county set apart for that purpose to meet all sums coming due for the principal and interest on said bonds, a tax sufficient to pay the annual interest on such bonds as the same becomes due and also such part of the principal thereof as shall become due before the proceeds of a tax levied at the time for making the next general tax levy can be made available for the payment of such principal.

Section 9. This ordinance shall be published once a day for at least seven (7) days in the San Francisco Examiner, a newspaper published daily in the City and County of San Francisco, being the official newspaper of said city and county and such publication shall constitute notice of said election and no other notice of the election hereby called need be given.

///

Section 10. The appropriate officers, employees, representatives and agents of the City and County of San Francisco are hereby authorized and directed to do everything necessary or desirable to the calling and holding of said special election, and to otherwise carry out the provisions of this ordinance.

(Earthquake Damaged Illegal Units)

AMENDING SECTION 181(d) OF THE CITY PLANNING CODE TO ALLOW RESTORATION OF ILLEGAL UNITS IN EARTHQUAKE DAMAGED RESIDENTIAL BUILDINGS UNDER CERTAIN CONDITIONS((.)) ; AND ADOPTING FINDINGS PURSUANT TO CITY PLANNING CODE SECTION 101.1.

NOTE: Additions are underlined; deletions are indicated by ((double parentheses)).

Be it ordained by the People of the City and County of San Francisco:

Section 1. FINDINGS. The earthquake that occurred on October 17, 1989 and its associated aftershocks ("Earthquake") damaged or destroyed many residential buildings in the City and County of San Francisco and consequently displaced many people. Many of these damaged or destroyed buildings do not comply with the current density limitations of the present City Planning Code for the use district in which the buildings are located. Although Section 181(d) of the Planning Code authorizes a structure containing a lawfully existing nonconforming use that has been damaged or destroyed by fire, or other calamity, or by Act of God, or by the public enemy, to be restored to its former condition and use, many of the buildings damaged or destroyed by the Earthquake contained occupied residential units whose prior lawful existence cannot be established. The removal of these units from the City's residential housing stock will have an adverse effect on an already serious shortage of housing in San Francisco and will exacerbate the property owner's economic hardship. The Board of Supervisors finds that the public health, safety and welfare will be served by allowing all residential units in buildings damaged or destroyed by the Earthquake to be restored and reoccupied.

/ / /

Section 2. FINDINGS OF CONFORMITY WITH PLANNING CODE SECTION 101.1. The Board of Supervisors finds that the proposed legislation is consistent with the eight priority policies of City Planning Code Section 101.1. The legislation preserves the City's existing housing supply by allowing the restoration of earthquake damaged or destroyed housing units despite the legality of their prior existence (Policies 2 and 3), and does not affect existing neighborhood-serving retail uses or industrial and service sectors (Policies 1 and 5). The legislation will not have an impact on commuter traffic, Muni transit service or neighborhood parking because only presently existing units occupied within one year prior to the Earthquake will be restored (Policy 4). The legislation has no effect on the City's earthquake preparedness (Policy 6), and does not interfere with protection of landmarks and historic buildings Policy 7). To the extent that existing buildings will be restored to their former condition and use, the legislation will not have an adverse impact on parks and open space.

Section 3. Part II, Chapter II of the San Francisco Municipal Code (Planning Code) is hereby amended by amending Section 181 as follows:

SEC. 181. NONCONFORMING USES: ENLARGEMENTS, ALTERATIONS AND RECONSTRUCTION. The following provisions shall apply to nonconforming uses with respect to enlargements, alterations and reconstruction:

(a) A nonconforming use, and any structure occupied by such use, shall not be enlarged, intensified, extended, or moved to another location, with the exception of the construction of a mezzanine within a live/work unit, unless the result will be elimination of the nonconforming use, except as provided in

Paragraph (b)(3) below and Section 186.1 of this Code. A nonconforming use shall not be extended to occupy additional space in a structure, or additional land outside a structure, or space in another structure, or to displace any other use, except as provided in Sections 182 and 186.1 of this Code.

(b) A structure occupied by a nonconforming use shall not be constructed, reconstructed or altered, unless the result will be elimination of the nonconforming use, except as provided in Section 186.1 of this Code and in Subsections (d) and (e) below, and except as follows:

(1) Ordinary maintenance and minor repairs shall be permitted where necessary to keep the structure in sound condition, as well as minor alterations, where such work is limited to replacement of existing materials with similar materials placed in a similar manner.

(2) Minor alterations shall be permitted where ordered by an appropriate public official to correct immediate hazards to health or safety, or to carry out newly enacted retroactive requirements essential to health or safety.

(3) Alterations otherwise allowed by this Code shall be permitted for any portion of the structure that will not thereafter be occupied by the nonconforming use, provided the nonconforming use is not enlarged, intensified, extended, or moved to another location.

(4) All other alterations of a structural nature shall be permitted only to the extent that the aggregate total cost of such other structural alterations, as estimated by the Department of Public Works, is less than 1/2 of the assessed valuation of the improvements prior to the first such alteration.

/ / /

(c) A dwelling or other housing structure exceeding the permitted density of dwelling units or other housing units set forth in Section 209.1 or Section 209.2 of this Code for the district in which it is located shall be classified as a nonconforming use under Section 180 of this Code, but only to the extent that such dwelling or other housing structure exceeds the permitted density. This Section 181 shall apply with respect to enlargements, alterations and reconstruction of the nonconforming portion of such dwelling or other housing structure, consisting of those dwelling units or other housing units which exceed the permitted density. Any dwelling unit or other housing unit coming within the density limit shall not be affected by this Section 181. Except as provided in Section 182(e), no dwelling or other housing structure exceeding the permitted density of dwelling units or other housing units shall be altered to increase the number of dwelling units or other housing units therein, or to increase or create any other nonconformity with respect to the dwelling unit or other housing unit density limitations of Section 209.1 or Section 209.2.

(d) Notwithstanding the foregoing provisions of this Section 181, a structure occupied by a nonconforming use that is damaged or destroyed by fire, or other calamity, or by Act of God, or by the public enemy, may be restored to its former condition and use; provided that such restoration is permitted by the Building Code, and is started within one year and diligently prosecuted to completion. The age of such a structure for purposes of Sections 184 and 185 shall nevertheless be computed from the date of the original construction of the structure. Except as provided in Subsection (e) below, no structure occupied by a nonconforming use that is voluntarily razed or required by

law to be razed by the owner thereof may thereafter be restored except in full conformity with the use limitations of this Code.

For purposes of this Subsection, any dwelling unit or other housing unit in a structure that has, in whole or substantial part, been determined by the Director of Public Works to be unsafe to occupy or that will require substantial repair due to damage caused by the earthquake that occurred in San Francisco on October 17, 1989 and its associated aftershocks, may be restored and recorded as a lawfully permitted unit even if its prior lawful existence cannot be established if (1) the permit applicant can demonstrate to the satisfaction of the Zoning Administrator that the unit has been occupied within one year prior to the eathquake and (2) the unit is brought into compliance with the Building Code, Housing Code, Fire Code and any applicable requirements of State and Federal law. Any dwelling unit or other housing unit legalized pursuant to this Subsection shall be offered to the previous tenant, or if that tenant does not desire to re-occupy such unit, to any tenant on reoccupancy at the rent which was charged prior to the earthquake. If the amount of rent cannot be established to the satisfaction of the Zoning Administrator, the Zoning Administrator shall set a rent that is affordable to households making 80% of the median income in San Francisco, according to guidelines established by the Mayor's Office of Housing.

2/20/90 e|p

(e) In order that major life safety hazards in residential structures may be eliminated as expeditiously as possible, a structure containing dwelling units or other housing units exceeding the number permitted by Section 209.1 or Section 209.2 of this Code, and constructed of unreinforced masonry that is inconsistent with the requirements of the San Francisco Building Code effective September 11, 1947, may be voluntarily razed and restored or reconstructed with the same number of residential units; and provided that there is no increase in any nonconformity, or any new nonconformity, with respect to the use limitations of this Code; provided further that the current requirements of the Building Code, the Housing Code and other applicable portions of the Municipal Code are met; and provided further that such restoration or reconstruction is started within one year after razing or other demolition work on the structure and diligently prosecuted to completion.

(f) Automotive sales and service signs within the Automotive Special Use District which have all required permits but which do not comply with the controls for new signs established in Section 607.3 of this Code shall be permitted to remain as nonconforming uses and shall be permitted to modify the signage text to describe new automobile ownerships and dealerships that may occur from time to time.
